

The impact of closure

Catch-up

We know children have missed out: socially, physically *and* academically

There is already a KHS catch-up plan - paused during lockdown - being refreshed now

Each year group and student will be different - we are considering a range of activities - including tutoring; mentoring; summer school; extended school day...

Exams (GCSE/A-level/BTEC)

DfE published guidance - further detail to come

We will be publishing principles for student return - further information for each subject following receipt of final guidance

Assessments (It's not just Years 11/12/13!)

We will shortly publish a new timetable of assessments and exams, reporting and revised parents' evening dates
