1. INTRODUCTION

Safeguarding is defined as protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in the provision of safe and effective care and taking action to enable all children to have the best outcomes.

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the school.

In particular this policy should be read in conjunction with the Safer Recruitment Policy, Anti bullying policy, Staff code of Conduct, Preventing Extremism and Radicalisation Policy, Supporting Attendance Policy, and Police Guidance Policy.

Purpose of a Child Protection Policy

To inform staff, parents, volunteers and governors about the school's responsibilities for safeguarding children.
To enable everyone to have a clear understanding of how these responsibilities should be carried out.

Our Safeguarding Partners

The school follows the procedures established by the Safeguarding Children Board; a guide to procedure and practice for all agencies working with children and their families.

School Staff & Volunteers

All school staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.
All school staff and volunteers will receive child protection training, so that they are knowledgeable and aware of their role in the early recognition of the signs and symptoms of abuse or neglect and of the appropriate procedures to follow.

Mission Statement

- Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to when they have a worry or concern.
- Establish and maintain an environment where school staff and volunteers feel safe, are encouraged to talk and are listened to when they have concerns about the safety and well being of a child.
- Ensure children know that there are adults in the school whom they can approach if they are worried.
- Ensure that children who have been abused will be supported in line with a child protection plan, where deemed necessary.

- Include opportunities in the Active Well being/E1M curriculum for children to develop the skills they need to recognise and stay safe from abuse.

Definitions :

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Children includes everyone under the age of 18.

The following 3 safeguarding partners are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA
- The chief officer of police for a police area in the LA area

2. STATUTORY FRAMEWORK

In order to protect children from harm the school will act in accordance with the following legislation and guidance:

The Children Act 1989

The Children Act 2004

Education (Independent School Standards) Regulations 2014

Safeguarding Children Board Child Protection Procedures (2007)

The Counter Terrorism and Security Act (2015)

Mandatory reporting of FGM and security Act (2015)

DFE Guidance Keeping Children Safe in Education (2018)

HM Government 'Working Together to Safeguard Children' (2018)

HM Government 'Working Together to Safeguard Children' (2018) requires all schools to follow the procedures for protecting children from abuse which are established by our Safeguarding Partners. Schools are also expected to ensure that they have appropriate procedures in place for responding to situations in which they believe that a child has been abused or are at risk of abuse - these procedures should also cover circumstances in which a member of staff is accused of, or suspected of, abuse.

DFE guidance Keeping children safe in Education (2018) places the following responsibilities on all schools:-

- Schools should be aware of and follow the procedures established by our Local authority safe guarding partners of how to refer a child.
- Staff should be alert to signs of abuse and know to whom they should report any concerns or suspicions
- Schools should have procedures (of which all staff are aware) for handling suspected cases of abuse of pupils, including procedures to be followed if a member of staff is accused of abuse, or suspected of abuse
- A Designated Senior Person should have responsibility for co-coordinating action within the school and liaising with other agencies
- Staff with designated responsibility for Child Protection should receive appropriate training

All staff have received their own copy and attended specific training on Keeping Children Safe in Education 2018.

DfES guidance Safeguarding Children and Safer Recruitment in Education (2006) also states that "All parents need to understand that schools and FE colleges have a duty to safeguard and promote the welfare of children who are their pupils or students, that this responsibility necessitates a child protection policy and procedures, and that a school or FE college may need to share information and work in partnership with other agencies when there are concerns about a child's welfare."

3. Equality Statement :

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities (see section 9)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after

4. THE DESIGNATED SENIOR PERSON

The Designated Senior Person for Child Protection in this school are:

The Deputy Designated Senior Person for Child Protection in this school is:

Alexander Yeung

It is the role of the Designated Senior Person for Child Protection to:

- Ensure that he/she receives refresher training at two yearly intervals to keep his or her knowledge and skills up to date
- Ensure that all staff who work with children undertake appropriate training to equip them to carry out their responsibilities for child protection effectively and that this is kept up to date by refresher training annually
- Ensure that newly appointed staff receive a child protection induction
- Ensure that temporary staff and volunteers are made aware of the school's arrangements for child protection
- Ensure that the school operates within the legislative framework and recommended guidance

- Develop effective working relationships with other agencies and services
- Decide whether to take further action about specific concerns (e.g. refer to Social Services or appropriate health agency)
- Liaise with Social Services care teams over suspected cases of child abuse
- Ensure that accurate records relating to individual children are kept separate from the academic file in a secure place and marked 'Strictly Confidential' and that these records are passed securely should the child transfer to a new provision
- Submit reports to, ensure the school's attendance at Child Protection Conferences and contribute to decision making and delivery of actions planned to safeguard the child
- Ensure that the school effectively monitors children about whom there are concerns, including notifying Social Services of the absence of a child who is the subject of a child protection plan

- Provide guidance to parents, children and staff about obtaining suitable support
- Refer cases to the Channel Programme where there is a radicalisation concern as required.
- Refer cases where a crime may have committed to the police as required.
- Liase with staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies. Act as a source of support, advice and expertise for staff.

5 THE GOVERNING BODY

The Governing Body has overall responsibility for ensuring that there are sufficient measures in place to safeguard the children in their establishment.

In particular the Governing Body must ensure:

- Child protection policy and procedures
- Safe recruitment procedures
- Appointment of a DSP who is a senior member of school leadership team
- Relevant child protection training for school staff/volunteers is attended
- Safe management of allegations
- Deficiencies or weaknesses in child protection arrangements are remedied without delay
- A member of the Governing Body Georgina Bondzi Simpson is nominated to be responsible in the event of an allegation of abuse being made against the Head Teacher
- Safeguarding policies and procedures are reviewed annually and information provided to the local authority about them and about how the above duties have been discharged.

6. THE HEAD TEACHER

- ensures that the safeguarding and child protection policy and procedures are implemented and followed by all staff
- allocates sufficient time and resources to enable the DSP and deputy to carry out their roles effectively, including the assessment of pupils and attendance at strategy discussions and other necessary meetings
- ensures that all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the school's whistle blowing procedures
- ensures that child's safety and welfare is addressed through the curriculum

. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development

- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse. Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Children includes everyone under the age of 18.

The following 3 safeguarding partners are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The chief officer of police for a police area in the LA area

7. SAFEGUARDING ACTIONS WILL BE TAKEN FOR:

- Neglect

- Sexual Abuse
- Emotional Abuse
- Bullying, including online bullying and prejudice-based bullying
- Racist, disability, religious, sexist, homophobic and transphobic abuse.
- Gender based violence/honour based violence against women and girls.

- Children affected by gang related activities
- Children expressing suicidal thoughts and those with significant mental health concerns.
- Forced marriage
- Fabricated or induced illness
- Poor parenting.
- Other issues not listed here but that pose a risk to children, young people and vulnerable adults.

8. SCHOOL PROCEDURES

If any member of staff is concerned about a child he or she must inform the Designated Senior Leads. All staff attend yearly training on the signs of abuse

and have regular updates. Staff are reminded to have it “could happen here” and that our actions must always have at the forefront what is in the best interests of the child.

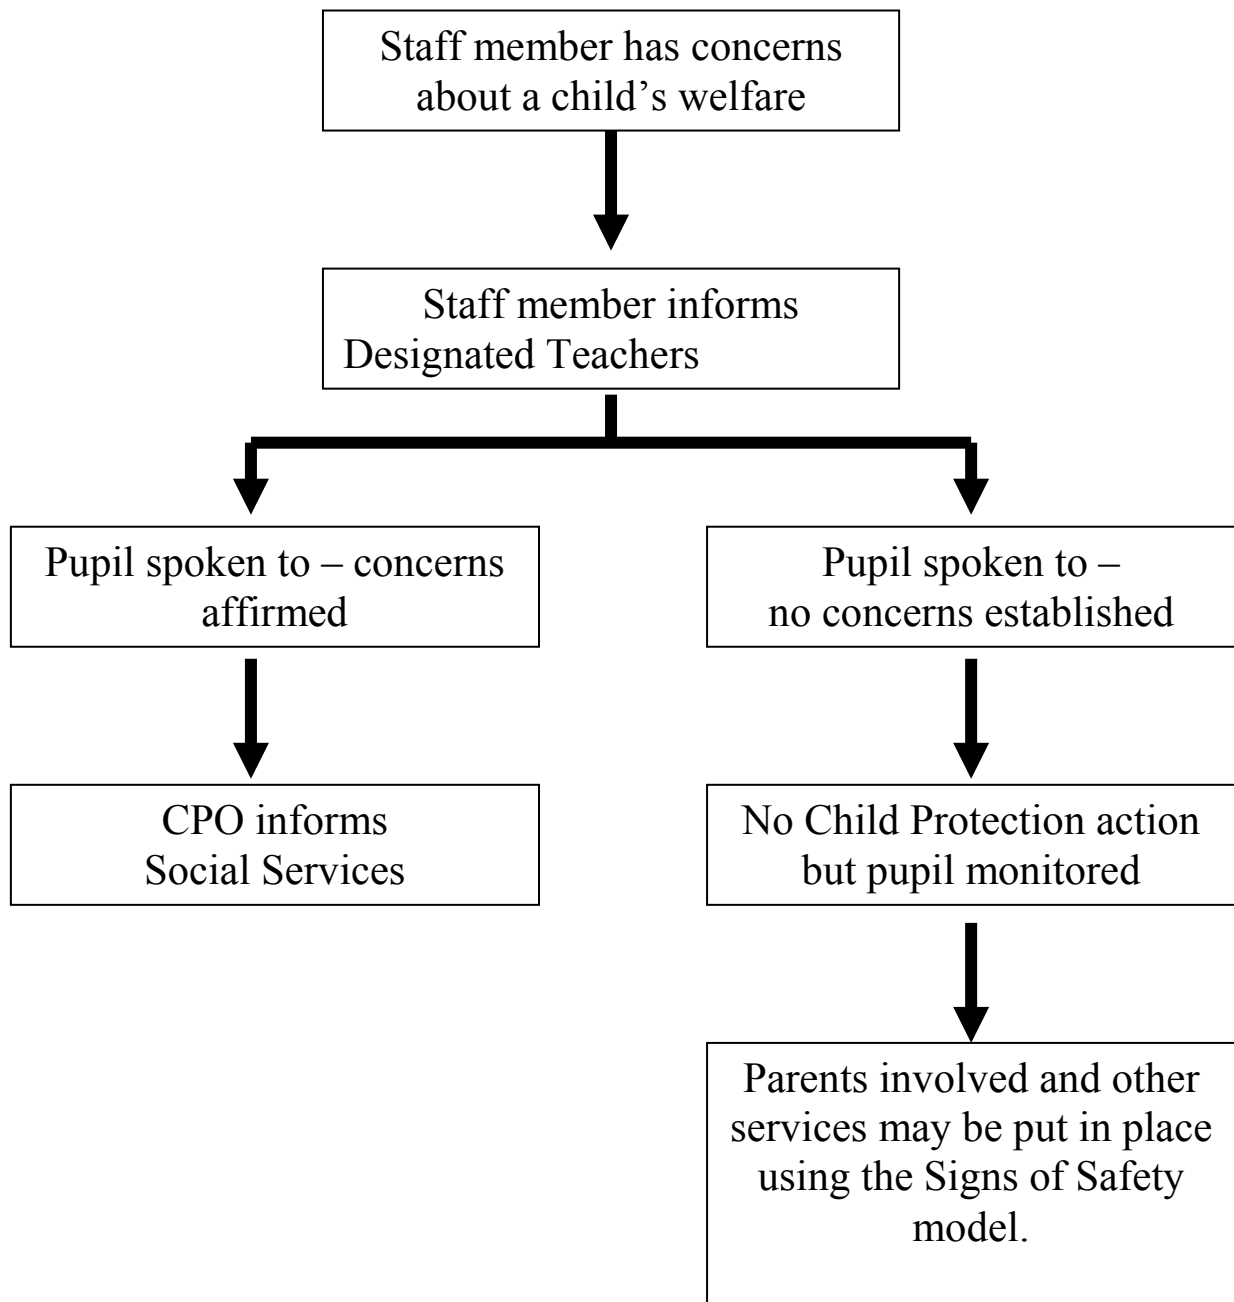

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations. Staff will meet with the Designated Leads.

The Designated Senior Leads will decide whether the concerns should be referred to Social Services. If it is decided to make a referral Social Services this will be done with prior discussion with the parents, unless to do so would place the child at further risk of harm. This will be in discussion with the Social Services front door team.

Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan (formerly referred to as the Child Protection Register) or a Child In Need and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan or a Child in Need Plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child’s academic file.

Child Protection Policy Flowchart

NB

If a pupil makes a disclosure to a member of staff it must be passed on to the CPO.

A member of staff **CANNOT** offer confidentiality to a pupil.

9. WHEN TO BE CONCERNED

All staff and volunteers should be aware that the main categories of abuse are:

- Physical abuse
- Emotional abuse
- Sexual abuse
- Neglect

All staff and volunteers should be concerned about a child if he/she presents with indicators of possible significant harm – **see Appendix 1 for details.**

Generally, in an abusive relationship the child may:

- Appear frightened of the parent/s or other household members e.g. siblings or others outside of the home
- Act in a way that is inappropriate to her/his age and development (full account needs to be taken of different patterns of development and different ethnic groups)
- Display insufficient sense of 'boundaries', lack stranger awareness
- Appear wary of adults and display 'frozen watchfulness'

10. DEALING WITH A DISCLOSURE

If a child discloses that he or she has been abused in some way, the member of staff / volunteer will:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Not promise confidentiality – it might be necessary to refer to Children Schools and Families
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, rather than ask direct questions
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told

- Make a written record (see Record Keeping)
- Pass information to the Designated Senior Person without delay

Reporting directly to child protection agencies

Staff should follow the reporting procedures outlined in this policy and report incidents to the DSP

However, they may also share information directly with children's social care, police or the NSPCC if:

- the situation is an emergency and the designated senior person, their deputy, the head teacher and the chair of governors are all unavailable
- they are convinced that a direct report is the only way to ensure the child's safety

All staff have been informed of how to refer to social care if they have a concern – see appendix 2

If staff are worried that their concerns will not be acted upon or if they feel the safe guarding procedures are not robust in the school, then staff should either report the concerns to the Head Teacher or Chair of Governors. If the concerns are that the Head Teacher and Chair of Governors will also not act, then staff as part of the training have been made aware of whistle blowing procedures and given the telephone number of the NSPCC whistleblowing Helpline. This helpline is also displayed in both staff rooms, the telephone number is 0800 028 0285

Support

Dealing with a disclosure from a child, and a child protection case in general, is likely to be a stressful experience. The member of staff/volunteer will be offered support from the Designated Team and counselling will be available to staff if appropriate.

11. FEMALE GENITAL MUTILATION

Female genital mutilation (FGM), also known as female circumcision or female genital cutting, is defined by the World Health Organisation (WHO) as "all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs for non-medical reasons".

At Kingsbury High School we believe that all our pupils should be kept safe from harm. Female Genital Mutilation affects girls particularly from Somalia, Kenya, Ethiopia, Sierra Leone, Sudan, Egypt, Nigeria, Eritrea, Yemen, Indonesia and Afghanistan.

'It is illegal in the United Kingdom to allow girls to undergo female genital mutilation either in this country or abroad. People guilty of allowing FGM to take place are punished by fines and up to fourteen years in prison.

At Kingsbury High School we have a duty to report concerns we have about girls at risk of FGM to the police and social services.'

12. RADICALISATION/PREVENT

All staff at Kingsbury High School have undergone 'WRAP' (Workshop to Raise Awareness of Prevent) training which is the means by which schools and staff develop an understanding of the Prevent strategy. This means our staff have;

- An awareness and understanding of the Prevent agenda and their role within it.
- The ability to use existing expertise and professional judgement to recognise potentially vulnerable individuals who may be susceptible to messages of violence.
- The confidence to use a common sense based response.

Staff who have concerns about a student to refer to the DSP and a referral will made to Brent Front Door. This includes concerns relating to a child who may be vulnerable to violent extremism, support for terrorism or terrorists related activity.

Advice is given to parents through Keeping children and young people safe against radicalisation and extremism advice to our parents and carers.

When appropriate staff attend Channel meetings to ensure that support is given to our students to keep them safe.

13. Allegations of abuse against other children/Peer on Peer abuse (Child Protection)

We recognise that some children abuse other children or their peers; therefore, the reasons for this are complex and are often multi-faceted. We understand that we need as a school to have clear mechanisms and procedures in place to identify and report incidents or concerns. We aim to reduce this behaviour and any related incidents with an expectation to eliminate this conduct in the school/college.

Peer on peer abuse is a Safeguarding concern and will require an immediate referral to the Designated Safeguarding Lead who will seek advice from agencies and professionals including reference to the Safeguarding procedures as outlined by the local authority. This will may a referral into the Police and Social Care. The school will consider and may apply the disciplinary procedure. The school will offer support to a victim.

We recognise peer on peer abuse can take some of these forms;

- Language seen as derogatory, demeaning, inflammatory;
- Unwanted banter;
- Sexual harassment;
- Sexual Violence;
- Hate;
- Homophobia;
- Based on gender differences and orientation;
- Based on difference.

We will pay adherence to the guidance- Sexual Violence and Sexual Harassment in Schools/Colleges between children (December 2017) and have a strategy in the school/college to identify, report and respond to any issues/incidents raised. We aim to challenge this type of abuse. We also aim to use approaches in the curriculum to address and tackle peer on peer abuse.

14The criminal exploitation of children: County Lines

County lines is the police term for urban gangs supplying drugs to suburban areas and market and coastal towns using dedicated mobile phone lines or "deal lines". It involves

child criminal exploitation (CCE) as gangs use children and vulnerable people to move drugs and money. Gangs establish a base in the market location, typically by taking over the homes of local vulnerable adults by force or coercion in a practice referred to as 'cuckooing'. County lines is a major, cross-cutting issue involving drugs, violence, gangs, safeguarding, criminal and sexual exploitation, modern slavery, and missing persons; and the response to tackle it involves the police, the National Crime Agency, a wide range of Government departments, local government agencies and VCS (voluntary and community sector) organisations. County lines activity and the associated violence, drug dealing and exploitation has a devastating impact on young people, vulnerable adults and local communities.

Signs to look out for:

- Persistently going missing from school or home and / or being found out-of-area;
- Unexplained acquisition of money, clothes, or mobile phones
- Excessive receipt of texts / phone calls
- Relationships with controlling / older individuals or groups
- Leaving home / care without explanation
- Suspicion of physical assault / unexplained injuries
- Parental concerns
- Carrying weapons
- Significant decline in school results / performance
- Gang association or isolation from peers or social networks
- Self-harm or significant changes in emotional well-being

Where staff have a concern around county lines they should inform the DSL immediately who will follow the local authority safeguarding procedures. Where there is a risk of imminent harm an immediate referral to the police should be made

15. CONFIDENTIALITY

Child Protection raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Social Services and the Police).
- If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

16. RECORD KEEPING

When a child has made a disclosure, the member of staff/volunteer should:

- Make brief notes as soon as possible after the conversation
- Not destroy the original notes in case they are needed by a court

- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- Draw a diagram to indicate the position of any bruising or other injury
- Record statements and observations rather than interpretations or assumptions

All records need to be given to the Designated Senior Person promptly. No copies should be retained by the member of staff or volunteer.

17. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS

Whenever it is alleged that a member of staff/volunteer has:

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved toward a child in a way which indicates s/he is unsuitable to work with children

The person receiving the allegation must take it seriously and immediately inform the Head Teacher.

If any member of staff/volunteer has reason to suspect that another member of staff/volunteer may have abused a child at the school, or elsewhere, they must immediately inform the Head Teacher.

They should also make a written record of the allegation using the informant's words - including time, date and place where the alleged incident took place, what was said and anyone else present. This record should be signed and dated and immediately passed on to the Head Teacher.

If the concerns are about the Head Teacher, then the Chair of Governors should be contacted. The Chair of Governors in this school is: Georgina Bondzi-Simpson

In the absence of the Chair of Governors, the Vice Chair should be contacted. The Vice Chair in this school is: Mr Jag Minhas

The Head Teacher will not investigate the allegation itself, or take written or detailed statements, but he/she will assess whether it is necessary to refer to Social Services in consultation with the Local Authority Designated Officer: 020 8937 4838 Mobile 07810 506643

If it is decided that the allegation warrants further action through Child Protection Procedures the Head Teacher must immediately make a referral to Social Services Client Services so that the allegation can be investigated in accordance with Section 10 of the Safeguarding Children Board Child Protection Procedures . Please see Appendix 3

If it is decided that it is not necessary to refer to Children Schools and Families, the Head Teacher and Local Authority Designated Officer will consider whether there needs to be an internal investigation.

The Head Teacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer inform the subject of the allegation.
