If you need to re-sit both, you need to go to college and take a Level 2 course.</p>

You can mix BTEC Nationals with A-Levels as long as you meet the individual A-Level entry criteria. BTEC Applied Science has higher entry criteria than BTEC Art, Health, Business & ICT. No external AS examination. Internal exams at the end of Year 12 to progress to Year 13. Students can opt to start with 4 A-Levels and drop down to their 3 highest performing courses during Year 12. EPQ is available as 4<sup>th</sup> subject (gain an AS grade – we will arrange EPQ in Year 12 once students have settled in their courses). HSLA (sports leaders) and other opportunities will be arranged in Year 12.
