

# PSYCHOLOGY CURRICULUM OVERVIEW

Key Stage 3		Key Stage 4	Key Stage 5
Transition Stage	Foundation Stage	Examination Stage	Advanced Stage
			<p>A Level students can choose from a range of attractive topic options which have been arranged to ensure students experience an interesting, diverse and coherent course of study, regardless of which topics they choose.</p> <p>Social influences is a key part of the course that looks at the impact others around have on our behaviour. The approach covers key aspects of how theorists explain human behaviour from different perspectives.</p>
