

# DANCE CURRICULUM OVERVIEW

## Key Stage 3

## Key Stage 4

## Key Stage 5

### Transition Stage

### Foundation Stage

### Examination Stage

### Advanced Stage

Students are introduced to the core elements of dance where knowledge and skills are learned revisited and built upon. Topics included are there to promote the development of performance skills, analytical skills and knowledge of the elements of dance.

Students develop performance and choreography skills through performances focusing on different, genres/styles/practitioners including working with stimuli, exploring the six professional works (both practically and written), group work, solo performance, written elements, rehearsals, set phrases etc.)
